	<p>Chair: Shri V.K.Saraswat, Member, NITI Aayog</p> <p>Remarks: Prof Nagesh Kumar, Head, UNESCAP (SSWA)</p> <p>Valedictory Address: Amb Shyam Saran, Former Foreign Secretary, Government of India and Chairman, RIS</p> <p>Special Remarks: Dr P K Anand, Sr. Consultant, NITI Aayog</p> <p>Vote of Thanks: Prof T C James, Visiting Professor, RIS</p>

Objective of the Consultation: Sharing Experiences, Identifying Issues and Challenges, and Planning Strategies

Follow-up and Review under UN Declaration on Sustainable Development Goals (SDG)

Para

57. We recognize that baseline data for several of the targets remains unavailable, and we call for **increased support for strengthening data collection and capacity-building in Member States**, to develop national and global baselines where they do not yet exist. We commit to addressing this gap in data collection so as to better inform the measurement of progress, in particular for those targets below which do not have clear numerical targets.
75. The Goals and targets will be followed up and reviewed using a set of global indicators. These will be complemented by **indicators at the regional and national levels which will be developed by Member States**, in addition to the outcomes of work undertaken for the development of the baselines for those targets where national and global baseline data does not yet exist. The global indicator framework, to be developed by the Inter-Agency and Expert Group on Sustainable Development Goal Indicators, will be agreed by the Statistical Commission by March 2016 and adopted thereafter by the Economic and Social Council and the General Assembly, in line with existing mandates. This framework will be simple yet robust, address all Sustainable Development Goals and targets, including for means of implementation, and preserve the political balance, integration and ambition contained therein.
78. We encourage **all member states to develop as soon as practicable ambitious national responses to the overall implementation of this Agenda**. These can support the transition to the SDGs and build on existing planning instruments, such as national development and sustainable development strategies, as appropriate.
79. We also encourage member states to **conduct regular and inclusive reviews of progress at the national and sub-national levels** which are country-led and country-driven. Such reviews should draw on contributions from indigenous peoples, civil society, the private sector and other stakeholders, in line with national circumstances, policies and priorities. National parliaments as well as other institutions can also support these processes.

Day 1 Plenary Session I: Promotion of Wellness through Healthy Eco System

SDG 3 Targets

- 3.5 Strengthen prevention and treatment of substance abuse
- 3.6 By 2020 halve global deaths and injuries by road accident
- 3.9 By 2030 substantially reduce death from hazardous component
- 3.a Strengthen WHO Convention on Tobacco in all countries
- 3.d Strengthen the capacity for risk reduction and management of national and global health risks

Interconnected Targets from Other Goals

- 2.1 By 2030, end hunger and ensure access by all people
- 2.2 By 2030, end all forms of malnutrition and address the nutritional needs for all
- 6.1 By 2030, achieve universal and equitable access to safe and affordable drinking water for all
- 6.2 By 2030, achieve access to adequate and equitable sanitation and hygiene for all and end open defecation
- 6.3 By 2030, improve water quality by reducing pollution and substantially increasing recycling and safe reuse globally
- 7.1 By 2030, ensure universal access to affordable, reliable and modern energy services
- 11.2 By 2030, provide access to safe, affordable, accessible and sustainable transport systems for all

Day 1 Plenary Session II: Targets and Indicators

Interconnected Targets from Other Goals

- 17.19 By 2030, build on existing initiatives to develop measurements of progress on sustainable development that complement gross domestic product, and support statistical capacity-building in developing countries

Day 1 Plenary Session III: Health Care Delivery, Infrastructure and Medical Expenditure

SDG 3 Targets

- 3.8 Achieve universal health coverage (UHC), including financial and essential health care service, and access to safe, effective, quality, and affordable essential medicines and vaccines for all
- 3.c Substantially increase health financing and recruitment, development, training and retention of the health workforce

Day 1 Parallel Session I: Reduction of Mortality Rates and Disease Control

SDG 3 Targets

- 3.1 By 2030 reduce the global maternal mortality ratio to less than 70 per 100,000 live births
- 3.2 By 2030 end preventable deaths of newborns and under-five children
- 3.3 By 2030 end the epidemics of AIDS, tuberculosis, malaria, and neglected tropical diseases and combat hepatitis, water-borne diseases, and other communicable diseases
- 3.4 By 2030 reduce by one-third pre-mature mortality from non-communicable diseases
- 3.7 By 2030 ensure universal access to sexual and reproductive health care services

Interconnected Targets from Other Goals

- 5.6 Ensure universal access to sexual and reproductive health and reproductive rights

Day 1 Parallel Session II: Role of Drug Development and Generic Medicines in SDG 3

SDG 3 Targets

- 3.8 Achieve universal health coverage (UHC), including financial and essential health care service, and access to safe, effective, quality, and affordable essential medicines and vaccines for all
- 3.b. Support research and development of vaccines and medicines for the communicable and non-communicable diseases, provide access to affordable essential medicines and vaccines for all

Day 2 Session I: Quality, Access, Equity and Inter-Sectoral Linkages

SDG 4 Targets

- 4.1 By 2030, ensure that all girls and boys complete free, equitable and quality primary and secondary education leading to relevant and effective learning outcomes
- 4.2 By 2030, ensure that all girls and boys have access to quality early childhood development, care and pre-primary education
- 4.3 By 2030, ensure equal access for all women and men to affordable and quality technical, vocational and tertiary education, including university
- 4.5 By 2030, eliminate gender disparities in education and ensure equal access to all levels of education and vocational training for the vulnerable
- 4.6 By 2030, ensure that all youth and a substantial proportion of adults, both men and women, achieve literacy and numeracy
- 4.7 By 2030, ensure that all learners acquire the knowledge and skills needed to promote sustainable development

- 4.a Build and upgrade education facilities and provide safe, non-violent, inclusive and effective learning environments for all

Interconnected Targets from Other Goals

- 3.7 By 2030 ensure universal access to sexual and reproductive health care services
- 3.a Strengthen WHO Convention on Tobacco in all countries
- 5.2 Eliminate all forms of violence against all women and girls in the public and private spheres
- 5.3 Eliminate all harmful practices, such as child, early and forced marriage and female genital mutilation
- 5.6 Ensure universal access to sexual and reproductive health and reproductive rights
- 8.6 By 2020, substantially reduce the proportion of youth not in employment, education or training
- 10.2 By 2030, empower and promote the social, economic and political inclusion of all
- 12.8 By 2030, ensure that people everywhere have the relevant information and awareness for sustainable development and lifestyles in harmony with nature
- 13.3 Improve education, awareness-raising and human and institutional capacity on climate change mitigation, adaptation, impact reduction and early warning

Day 2 Session II: Education and Skill Development Programmes – Sharing of Experiences

SDG 4 Targets

- 4.3 By 2030, ensure equal access for all women and men to affordable and quality technical, vocational and tertiary education, including university
- 4.4 By 2030, substantially increase the number of youth and adults who have relevant skills for employment, decent jobs and entrepreneurship

Day 2 Session III: Global and National Indicators for Quality and Equity

Interconnected Targets from Other Goals

- 17.19 By 2030, build on existing initiatives to develop measurements of progress on sustainable development that complement gross domestic product, and support statistical capacity-building in developing countries
